HACCP POLICY STATEMENT

As part of a continuing commitment to supplying to its customers safe, high quality natural products, Totally Natural Solutions Limited has implemented a Hazard Analysis and Critical Control Point (HACCP) programme at its manufacturing site.

This HACCP programme adheres to EU regulation 852/2004 (effective Jan 2006), a regulation that reinforces best practise through following the HACCP principles it outlines.

We hereby confirm that all hop products delivered by Totally Natural Solutions are processed according to the internationally recognised HACCP management system.
